

**MOVING FOR CHANGE -  
REFORMING BODY, MIND, AND COMMUNITY**

The Parkinson's In Motion event is Saturday, April 27 at 8:00 a.m. The Run/Walk begins at the Farmers Market on Dixie Street in downtown London, winds through the back street to the lovely Veterans Park and returns to the finish line at the Farmer's Market. A two mile turn around station for walkers will be available, if you so choose. The event will focus on serious runners as well as those (children and those with special needs) coming out to support our cause. All proceeds will go toward development of our wellness program to help those affected by Parkinson's Disease. This amazing organization is run solely on donations by generous individuals and community fundraisers!
